

WANA telecom adds scope to its IT outsourcing project with M2M Group

Casablanca – February 5, 2010 – Early 2009, WANA telecom, a leading telecom operator in Morocco, has chosen to outsource to M2M Group the overall operation and maintenance of a platform providing top-up of Wana phone and internet products across Morocco's hypermarkets network, Marjane. Today, further to the huge success of this global offer, WANA extends its platform to the largest superstore chain in Morocco, ACIMA.

The tailor-made solution, managed by M2M SPS (Secure Processing Services), enables Marjane and Acima to offer customers a large range of WANA top-up services via POS terminals within a network of 650 points of services in over 70 Super and Hyper markets nationwide. The platform scope will be further expanded to involve other chains as well as new other services mainly bill payment and mobile payment services.

« We are highly proud of the rapid progress of such an important contract with a company like WANA telecom. It confirms that our integrated production model brings high added value for our clients in terms of reliability, efficiency, service quality and price attractiveness » declares Yassine NAIM, Director of IT Outsourcing solutions of M2M.
